

TARAPORE SCHOOL AGRICO

SUMMER CAMP 2026

⚡ 4-DAY INTENSIVE PROGRAM

ROBOTICS & IoT SUMMER CAMP

BUILD · CODE · INNOVATE

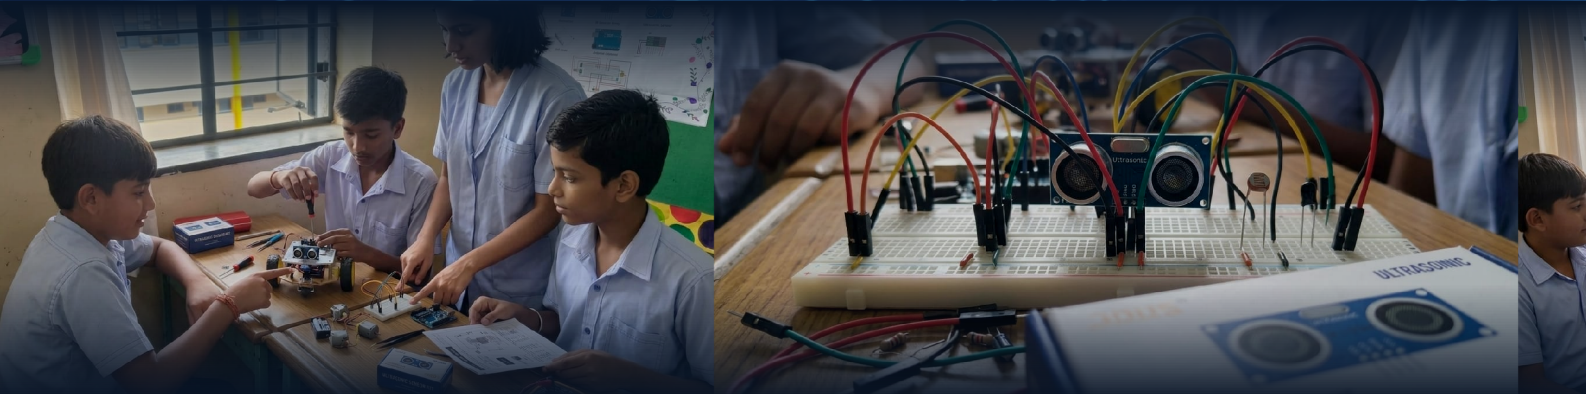

DATES
11-14 May

GRADES
Std IV-VIII

VENUE
Agrico, JSR

Organised by **Tarapore School Agrico** | 2 Hours/Day | Hands-On Learning

4-Day Program Overview

DAY 01

Foundations of Electronics

- ▶ What is Robotics?
- ▶ Basic Circuit Building
- ▶ LED Control Techniques
- ▶ Introduction to Breadboards
- ▶ Voltage, Current & Resistance

Circuits

LEDs

Ohm's Law

DAY 02

Sensors & Smart Input

- ▶ Ultrasonic Sensor (Distance)
- ▶ LDR (Light Sensing)
- ▶ DHT11 (Temp & Humidity)
- ▶ Digital vs Analog Signals
- ▶ Reading Real-World Data

Sensors

Signals

Data

DAY 03

Motion & Actuation

- ▶ DC Motor Basics
- ▶ Motor Driver Concepts
- ▶ Servo Motor Introduction
- ▶ Movement Control Logic
- ▶ Combining Inputs & Outputs

Motors

Servo

Control

DAY 04

IoT & Smart Systems

- ▶ What is IoT?
- ▶ Sense → Process → Act Flow
- ▶ Combining Multiple Sensors
- ▶ Smart Automation Concepts
- ▶ Mini Project Showcase 🏆

IoT

Automation

Projects

♦ 100% HANDS-ON LEARNING EXPERIENCE

● LEARNING OUTCOMES

Understand Real-World Electronics

Learn How Sensors Work

Build Logic Using Arduino

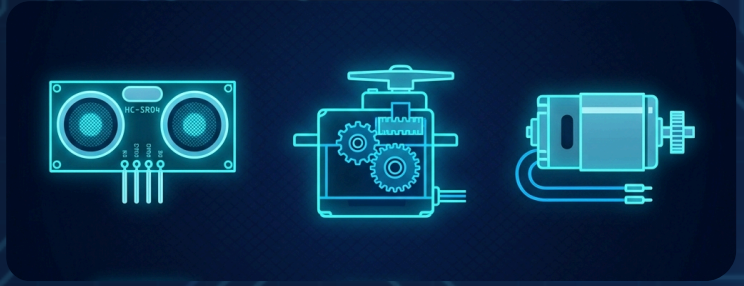

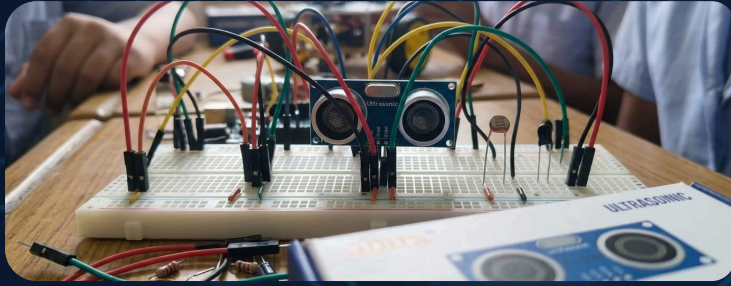

Create Mini Working Projects

Problem-Solving Mindset

What You'll Work With

Arduino Uno/Nano

Breadboards

LEDs

Buzzers

Ultrasonic Sensor

DHT11

LDR

Motors & Servo

WHY JOIN THIS CAMP?

100% Hands-On
Learning

Beginner Friendly

Industry-Relevant Skills

Fun + Practical
Approach

Final Day Project
Showcase

Ready to Build the Future?

Give your child the gift of innovation this summer

REGISTER NOW

⚡ LIMITED SEATS AVAILABLE

Certificate of Completion will be provided

ELIGIBILITY
Std IV to Std VIII

DURATION
2 Hours/Day

EXPERIENCE
Open for Beginners

CHARGES
₹550 per head

For registration & enquiries, contact the school office
